

STAR BEHAVIORAL HEALTH PROVIDERS®

TRAINING OPPORTUNITY!

Understanding the military experience

Providing care to service members, veterans, and their families

Service members, veterans and their families make sacrifices for all of us. **STAR BEHAVIORAL HEALTH PROVIDERS** offers training to help you better understand their experiences and an online registry that will help them find you. **Space is limited — register online today at www.starproviders.org! Trainings & CEs are **FREE**.**

SBHP training is comprised of three tiers that **must be taken sequentially**:

- **Tier One:** 1-day training, covers military culture and the impact of deployments on families.
- **Tier Two:** 2-day training, covers issues associated with military service including military family resilience, traumatic brain injury, sleep disorders, suicide, PTSD, and three hours of ethics.
Prerequisites: Tier One and a registry member
- **Tier Three:** 2-day training, teaches evidenced-based psychotherapies for treating particular behavioral health conditions facing service members, veterans, and families. Providers may attend multiple trainings; only one training required to be listed on the registry as Tier Three trained.
Prerequisites: Tier Two and a registry member
- **Tier Sustainment:** 2–8-hour training, covers specialized topics related to the military population not addressed or only cursorily reviewed in Tier One or Two trainings. Providers may attend multiple trainings.
Prerequisites: Tiers One and Two and a registry member

PRESENTED ONLINE VIA ZOOM
