This meeting will take place virtually. Register via [Eventbrite](#). There is no cost to attend.

Arizona is home to more than 500,000 service members, veterans and their families. Many of these valued members of our community turn to their faith for support, healing and connection. That is why the Arizona Coalition for Military Families is partnering with members of the faith community around the state to build the Be Connected Faith Network.

Arizona Faith Gatherings host a variety of speakers and feature dynamic contemporary topics and engaging conversations. Gatherings happen each quarter and are open to all community members interested in expanding faith-based support to Service Members, Veterans, and their Families.

Gather

with active supporters and faith community leaders statewide in order to learn how to better support your military-connected members.

Collaborate

with others to make an even bigger impact in our community.

Hear

In 2023, we discussed moral injury, how it occurs and the devastating trauma that can result. It's time to further the conversation into healing. The February Arizona Faith Gathering will dive into the work of healing from moral injury with a panel of military chaplains who will share their work in moral injury healing and the most effective methods they have used.

Special thanks to the Governor's Office of Youth, Faith, and Family and the Arizona Department of Veterans' Services for continued partnership and support.
