

June 21, 2013

Dear Arizona Coalition for Military Families,

Congratulations on being accepted as a Community Blueprint Community (CBC)! We are thrilled to welcome you into our Network and officially recognize your community as one that has stepped forward in support of veterans, service members, and their families.

By adopting the Community Blueprint framework, and agreeing to implement solutions under the eight Impact Areas, your organization/coalition will expand its reach in your community by supporting and engaging those who have served. You are paving the way forward for a better, more cohesive approach. Your efforts to identify gaps and leverage existing resources helps strengthen veteran communities and reinforce America's commitment to service members in and out of uniform.

We greatly appreciate your dedication to this endeavor. It is our hope that the resources and connections available to you within the Community Blueprint will serve you, as you serve your community. Your efforts are a remarkable example of the commitment and passion that make our communities stronger and better. Thank you for becoming a Community Blueprint. We are honored by your service.

Sincerely,

Mike Monroe
VP, Military Initiatives

Michelle Nunn
CEO, Points of Light
