Welcome to Be Connected®!

Join us for this live online training to learn about the Be Connected ecosystem of support for service members, veterans and their families and how you can be an open door to help someone connect!

Did you know Arizona is home to 500,000+ service members, veterans & their families? They live, work, learn and play in every community throughout our state.

Community members play an important role in ensuring all who serve are connected to the resources and support available to help manage difficult situations and thrive wherever they are.

Join us to learn about:

- Arizona's military & veteran population
- Our statewide upstream prevention effort
- The stress continuum and the social determinants of health
- The simple, one-step way to connect someone who needs support to Be Connected
- The ongoing support Be Connected provides to service members, veterans, and their families after you connect them

You will walk away feeling more connected and equipped to help any service member, veteran or family member you might encounter who needs connection to support.

2026 Event Details
